

TRIP PLANNING PROCESS

Travel By Regions Process:

- Trip planning consultations are up to 45-minutes, and via phone consultation conference with a member of our team (depending on country selected) and we discuss everything so that you get the best trip and within your budget.
- We go over wish list trip options + absolutely must-haves during the consultation phone conference.
- Our team will send you the document within 48 hours, after receipt of your document (initial questionnaire, please then schedule/book a consultation so you can see your TRIP PLANNING options and make a decision.

Time and Consideration -

Regarding our time and consideration, our fees are:

- \$150USD for a 45-minute leisure consultation
- \$200USD for a 45-minute leisure group consultation

This includes all the research our team did in planning your trip beforehand. This is not a negotiable rate. It can sometimes take a few days to plan a trip with options (depending on your wish list). Our Travel By Regions team works hard to find the best and most affordable deals, excursions, and partners in the regions you choose. So, our time is very valuable.

Note: If for some reason you're having difficulties scheduling your consultation online, please email our team at travelbyregions@gmail.com to arrange your trip planning video with subject line addressed as: **Video Consultation**, AFTER receipt and that your Trip Planning is ready. Thanks for your understanding and cooperation.
